Subject: 710 tenants

Richelle attended a meeting in el Sereno with 710 tenants and were frustrated that my office hadn't responded to motion I said I will do etc. I spoke with Hugo Garcia and suggested we may be able to bring him in on hourly basis to work on the matter for our office. Richelle spoke with zenay on issue and they are planning on how to address from city side. Please contact him ASAP and see if something can be worked out to build our capacity in this issue.
